PROFILE

Motivated and detail-oriented Computer Science student currently pursuing an MSc in Computer Science, with a strong interest in Front-End Development. I have a solid foundation in HTML, CSS, JavaScript, and basic React, along with hands-on experience building responsive and user-friendly web interfaces. Passionate about UI development, clean design, and continuous learning. Seeking an entry-level front-end developer role to apply skills, grow professionally, and contribute to real-world projects.

EDUCATION

Master of Science in Computer Science [Pursuing] –
Kishinchand Chellaram College, Mumbai

Bachelor of Science in Computer Science –
Dapoli Urban Bank Senior Science College, Dapoli
2022 – 2025 | CGPI: 9.45

TECHNICAL SKILLS

- Front-End Technologies: HTML5, CSS, JavaScript
- Frameworks & Libraries: Basic React
- Responsive Design: Flexbox, CSS Grid
- Backend Basics: PHP, MySQL
- Programming Languages: Java, Python
- Tools: Git, GitHub, VS Code

INTERNSHIP EXPERIENCE

Front-End Developer Intern
AICTE OIB-SIP internship | [Aug 2025 – Sep 2025]

Internship Work:

- **Landing Page Development:** Designed and developed a responsive landing page using HTML and CSS, focusing on layout structure, visual hierarchy, and responsive design.
 - **Personal Portfolio Website:** Created a portfolio website to showcase skills, projects, and contact details, applying clean UI design principles.
 - **Temperature Converter Application:** Built an interactive temperature converter using HTML, CSS, and JavaScript, implementing real-time conversion logic and DOM manipulation.
-

ACADEMIC PROJECTS

Online Food Order System

Technologies: HTML, CSS, PHP, MySQL

- Designed and developed responsive user interfaces for browsing food items and placing orders.
- Implemented user login, cart functionality, and order placement.
- Focused on clean layout, usability, and consistent styling across pages.

Online Book Store System

Technologies: HTML, CSS, JavaScript, PHP, MySQL

- Developed a simple book store system allowing user to view and order books.
- Admin can manage books, customers, suppliers and orders.
