EDUCATION

Master of Science in Computer Science (Pursuing)
Kishinchand Chellaram College, Mumbai

Jul 2025 – Present

Bachelor of Science in Computer Science
Dapoli Urban Bank Senior Science College, Dapoli | **CGPI: 9.45**

Jun 2022 – Apr 2025

EXPERIENCE

Software Development Intern | *InternBoot*

Jan 2026 – Mar 2026

- Developed and deployed responsive web applications using React.js, Tailwind CSS, Firebase, and WordPress.
- Built a Portfolio Builder platform featuring dynamic profile management, project showcase, live portfolio preview, and shareable portfolio URLs.
- Developed a Firebase-powered To-Do application with user authentication and complete CRUD operations.
- Designed and customized a WordPress Blogging Platform for content publishing and management.
- Collaborated using Git and GitHub, fixed UI issues, and optimized application responsiveness across devices.

Front-End Developer Intern | *AICTE OIB-SIP*

Aug 2025 – Sep 2025

- Developed a responsive landing page using HTML and CSS with a mobile-first approach.
- Built a personal portfolio website to showcase projects and technical skills.
- Created an interactive Temperature Converter application using JavaScript and DOM manipulation.
- Applied responsive design principles to ensure compatibility across different screen sizes.

TECHNICAL SKILLS

- Programming Languages:** JavaScript, Java, Python
- Frontend:** HTML5, CSS3, React.js, Tailwind CSS, Responsive Design
- Backend:** PHP
- Databases:** MySQL, Firebase Firestore
- Tools & Platforms:** Git, GitHub, Firebase Authentication, WordPress, VS Code, Vercel

PROJECTS

Portfolio Builder | *React.js, Tailwind CSS, Firebase* | [GitHub](#) | [Live Demo](#)

- Developed a dynamic portfolio builder allowing users to create professional portfolios without coding.
- Implemented Firebase Authentication and Firestore for secure user management.
- Deployed the application using Vercel.

To-Do Application | *React.js, Tailwind CSS, Firebase* | [GitHub](#) | [Live Demo](#)

- Built a responsive task management application with authentication.
- Implemented CRUD operations using Firebase Firestore.
- Designed a clean and responsive user interface.

Online Food Order System | *HTML, CSS, PHP, MySQL*

- Developed a responsive online food ordering website with authentication and cart functionality.
- Implemented order placement using PHP and MySQL.
- Designed user-friendly interfaces for seamless navigation.

Online Book Store System | *HTML, CSS, JavaScript, PHP, MySQL*

- Built an online bookstore with customer and admin modules.
- Implemented CRUD operations for books, suppliers, customers, and orders.
- Integrated MySQL database for efficient data storage and management.
